STATEMENTS AND RELATED DISCLOSURES  
AT 30 JUNE 2016 TOGETHER WITH  
LIMITED REVIEW REPORT**

**(Convenience translation of publicly announced unconsolidated  
financial statements, related disclosures and limited review report  
originally issued in Turkish, See Note. I.b of Section three)**

## INTERIM REVIEW REPORT ON INTERIM FINANCIAL INFORMATION

**(Convenience translation of the independent auditor's report originally issued in Turkish, See Note I.b of Section three)**

**To the Board of Directors of Akbank T.A.Ş.;**

### Introduction

We have reviewed the unconsolidated statement of financial position of Akbank T.A.Ş. ("the Bank") at 30 June 2016 and the related unconsolidated income statement, unconsolidated statement of income and expense items under shareholders' equity, unconsolidated statement of changes in shareholders' equity, unconsolidated statement of cash flows and a summary of significant accounting policies and other explanatory notes to the unconsolidated financial statements for the six-month-period then ended. The Bank Management is responsible for the preparation and fair presentation of interim financial statements in accordance with the "Regulation on Accounting Applications for Banks and Safeguarding of Documents" published in the Official Gazette no.26333 dated 1 November 2006, and other regulations on accounting records of Banks published by Banking Regulation and Supervision Agency and circulars and interpretations published by Banking Regulation and Supervision Authority, (together referred as "BRSa Accounting and Reporting Legislation") and Turkish Accounting Standard 34 "Interim Financial Reporting" for those matters not regulated by BRSa Legislation. Our responsibility is to express a conclusion on these interim financial statements based on our review.

### Scope of Review

We conducted our review in accordance with the Standard on Review Engagements (SRE) 2410, "Limited Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial reporting process, and applying analytical and other review procedures. A review of interim financial information is substantially less in scope than an independent audit performed in accordance with the Independent Auditing Standards and the objective of which is to express an opinion on the financial statements. Consequently, a review of the interim financial information does not provide assurance that the audit firm will be aware of all significant matters which would have been identified in an audit. Accordingly, we do not express an opinion.

### Basis of Qualified Conclusion

The accompanying unconsolidated financial statements as at 30 June 2016 include a general reserve for possible risks amounting to TL 200.000 thousands which is carried forward from 2014 by the Bank management for possible results of the circumstances which may arise from possible changes in the economy and market conditions.

### Qualified Conclusion

Based on our review, except for the effect of the matter referred in the 'basis of qualified conclusion paragraph on the unconsolidated financial statements, nothing has come to our attention that causes us to believe that the accompanying unconsolidated financial statements do not give a true view of the financial position of Akbank T.A.Ş. at 30 June 2016 and of the results of its operations and its cash flows for the six-month-period then ended in all aspects in accordance with the BRSa Accounting and Reporting Legislation.

### Report on other regulatory requirements arising from legislation

Based on our review, nothing has come to our attention that causes us to believe that the financial information provided in the accompanying interim annual report in Section VII, are not consistent with the unconsolidated financial statements and disclosures in all material respects.

### Additional paragraph for convenience translation to English:

As explained in detail in Note I.b. of Section Three, the effects of differences between accounting principles and standards set out by regulations in conformity with BRSa Accounting and Reporting Legislation) and Turkish Accounting Standard 34 "Interim Financial Reporting" except for the matters regulated by BRSa Legislation, accounting principles generally accepted in countries in which the accompanying unconsolidated financial statements are to be distributed and International Financial Reporting Standards ("IFRS") have not been quantified in the accompanying unconsolidated financial statements. Accordingly, the accompanying unconsolidated financial statements are not intended to present the financial position, results of operations and changes in financial position and cash flows in accordance with the accounting principles generally accepted in such countries and IFRS.

**AKBANK T.A.Ş.**

**NOTES TO UNCONSOLIDATED FINANCIAL STATEMENTS AT 30 JUNE 2016**

(Amounts expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

**SECTION ONE  
GENERAL INFORMATION ABOUT THE BANK**

**I. BANK'S FOUNDATION DATE, START-UP STATUS, HISTORY REGARDING THE CHANGES IN THIS STATUS:**

Akbank T.A.Ş. ("the Bank" or "Akbank") was established on 30 January 1948 as a private commercial bank, in accordance with the decision of the Council of Ministers, No.3/6710 and is authorized to perform all economic, financial and commercial activities which are allowed by the laws of the Turkish Republic ("T.C."). The status of the Bank has not changed since its foundation.

**II. EXPLANATION ABOUT THE BANK'S CAPITAL STRUCTURE, SHAREHOLDERS OF THE BANK WHO ARE IN CHARGE OF THE MANAGEMENT AND/OR AUDITING OF THE BANK DIRECTLY OR INDIRECTLY, CHANGES IN THESE MATTERS (IF ANY) AND THE GROUP THE BANK BELONGS TO:**

The Bank's shares have been quoted on the Borsa Istanbul ("BIST") since 1990. In 1998, 4,03% of the outstanding share capital of the Bank was offered and sold in an international offering outside of Turkey in the form of Ordinary Shares and American Depository Receipts ("ADRs"). As of 30 June 2016, approximately 51% of the shares are publicly traded, including the ADRs (31 December 2015: 51%).

The major shareholder of the Bank, directly or indirectly, is Sabancı Group.

**III. EXPLANATION ON THE BOARD OF DIRECTORS, MEMBERS OF THE AUDIT COMMITTEE, PRESIDENT AND EXECUTIVE VICE PRESIDENTS, IF AVAILABLE, SHARES OF THE BANK THEY POSSESS AND THEIR AREAS OF RESPONSIBILITY:**

<b>Title</b>	<b>Name</b>	<b>Responsibility</b>	<b>Education</b>

The accompanying explanations and notes form an integral part of these financial statements

**AKBANK T.A.Ş.**

**NOTES TO UNCONSOLIDATED FINANCIAL STATEMENTS AT 30 JUNE 2016**

(Amounts expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

---

**SECTION THREE  
ACCOUNTING POLICIES**

**I. EXPLANATIONS ON BASIS OF PRESENTATION:**

**a. The preparation of the financial statements and related notes and explanations in accordance with the Turkish Accounting Standards and Regulation on Accounting Applications for Banks and Safeguarding of Documents:**

The unconsolidated financial statements are prepared within the scope of the "Regulation on Accounting Applications for Banks and Safeguarding of Documents" related with Banking Act numbered 5411 published in the Official Gazette no.26333 dated 1 November 2006 and in accordance with the regulations, communiqués, interpretations and legislations related to accounting and financial reporting principles published by the Banking Regulation and Supervision Agency ("BRSA"), and in case where a specific regulation is not made by BRSA, "Turkish Accounting Standards" ("TAS") and "Turkish Financial Reporting Standards" ("TFRS") and related appendices and interpretations put into effect by Public Oversight Accounting and Auditing Standards Authority ("POA"). The format and content of the publicly announced unconsolidated financial statements and notes to these statements have been prepared in accordance with the "Communiqué on Publicly Announced Financial Statements, Explanations and Notes to These Financial Statements" and "Communiqué On Disclosures About Risk Management To Be Announced To Public By Banks" and amendments to this Communiqué. The Bank maintains its books in Turkish Lira in accordance with the Banking Act, Turkish Commercial Code and Turkish Tax Legislation.

The unconsolidated financial statements have been prepared in TL, under the historical cost convention except for the financial assets and liabilities carried at fair value.

The preparation of unconsolidated financial statements in conformity with TAS requires the use of certain critical accounting estimates by the Bank management to exercise its judgment on the assets and liabilities of the balance sheet and contingent issues as of the balance sheet date. These estimates, which include the fair value calculations of financial instruments and impairments of financial assets are being reviewed regularly and, when necessary, suitable corrections are made and the effects of these corrections are reflected to the income statement. Assumptions and estimates that are used in the preparation of the accompanying financial statements are explained in the following related disclosures.

The amendments of TAS and TFRS, effectiveness date is 1 January 2016, have no material impact on the Bank's accounting policies, financial position and performance. The amendments of TAS and TFRS, except TFRS 9 Financial Instruments (2011 Version) will have no impact on the accounting policies, financial condition and performance of the Bank. The Bank assesses the impact of TFRS 9 Financial Instruments standard.

**b. Explanation for convenience translation into English:**

The differences between accounting principles, as described in these preceding paragraphs and accounting principles generally accepted in countries in which unconsolidated financial statements are to be distributed and International Financial Reporting Standards ("IFRS") have not been quantified in these unconsolidated financial statements. Accordingly, these unconsolidated financial statements are not intended to present the financial position, results of operations and changes in financial position and cash flows in accordance with the accounting principles generally accepted in such countries and IFRS.

**c. Accounting policies and valuation principles applied in the presentation of unconsolidated financial statements:**

The accounting policies and valuation principles applied in the preparation of unconsolidated financial statements, are determined and applied in accordance with regulations, communiqués, explanations and circulars on accounting and financial reporting principles published by the BRSA, and in case where there is no special regulation made by the BRSA, in accordance with principles in the context of TAS and TFRS, and are consistent with the accounting policies applied in the annual financial statements of the year ended 31 December 2015. The aforementioned accounting policies and valuation principles are explained in Notes II to XXVIII below.

**AKBANK T.A.Ş.**

**NOTES TO UNCONSOLIDATED FINANCIAL STATEMENTS AT 30 JUNE 2016**

(Amounts expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

---

**II. EXPLANATIONS ON STRATEGY OF USING FINANCIAL INSTRUMENTS AND EXPLANATIONS IN FOREIGN CURRENCY TRANSACTIONS:**

The Bank's core business activities include consumer and private banking, commercial banking, SME banking, corporate and investment banking, foreign exchange, money markets, securities transactions (Treasury transactions) and international banking services. By nature, the Bank's activities are principally related to the use of financial instruments. As the main funding source, the Bank accepts deposits from customers for various periods and invests these funds in high quality assets with high interest margins. Other than deposits, the Bank's most important funding sources are equity, marketable securities issued, money market borrowings and mostly borrowings from foreign financial institutions. The Bank follows an asset-liability management strategy that mitigates risk and increases earnings by balancing the funds borrowed and the investments in various financial assets. The main objective of asset-liability management is to limit the Bank's exposure to liquidity risk, interest rate risk, currency risk and credit risk while increasing profitability and strengthening the Bank's equity. The Asset-Liabilities Committee ("ALCO") manages the assets and liabilities within the trading limits on the level of exposure placed by the Executive Risk Committee.

Foreign currency denominated monetary assets and liabilities are translated with the exchange rates prevailing at the balance sheet date. Gains and losses arising from such transactions are recognized in the income statement under the account of "Net foreign exchange income/expense". Foreign currency denominated subsidiaries, which are accounted with acquisition cost method, are translated with the foreign exchange rates prevailing at the acquisition date.

As of 30 June 2016, foreign currency denominated balances are translated into TL using the exchange rates of TL 2,8560 TL 3,1758 and TL 2,7728 for USD, EURO and Yen respectively.

**III. EXPLANATIONS ON INVESTMENTS IN ASSOCIATES AND SUBSIDIARIES:**

Investments in associates and subsidiaries are accounted in accordance with the "Turkish Accounting Standard on Separate Financial Statements" ("TAS 27") in the unconsolidated financial statements and measured in the financial statements with their costs. Dividends are recognized in the income statement when the right to receive the dividend is obtained.

**IV. EXPLANATIONS ON FORWARD TRANSACTIONS AND DERIVATIVE INSTRUMENTS:**

The major derivative instruments utilized by the Bank are currency and interest rate swaps, cross currency swaps, currency options and currency forwards.

The Bank classifies its derivative instruments as "Held-for-hedging" or "Held-for-trading" in accordance with "Turkish Accounting Standard for Financial Instruments: Recognition and Measurement" ("TAS 39"). In accordance with TAS 39, although certain derivative transactions provide effective economic hedges under the Bank's risk management position, in accordance with TAS 39 they are treated as derivatives "Held-for-trading".

Payables and receivables arising from the derivative instruments are followed in the off-balance sheet accounts at their contractual values.

Derivative instruments are remeasured at fair value after initial recognition. In accordance with the classification of the derivative instrument, if the fair value of a derivative financial instrument is positive, it is recorded to the account "Trading derivative financial assets" or "Hedging derivative financial assets"; if the fair value difference is negative, it is recorded to "Trading derivative financial liabilities" or "Hedging derivative financial liabilities". Differences in the fair value of trading derivative instruments are accounted as income/loss from derivative financial transactions under "trading income/loss" item in the income statement. The basis on accounting of derivative instruments for hedging purposes are explained Note VIII of Section Four. The fair values of the derivative financial instruments are calculated using quoted market prices or by using discounted cash flow models.

An embedded derivative shall be separated from host contract only if:

- the economic characteristics and risks of the embedded derivative are not closely related to the economic characteristics and risks of the host contract
- a separate instrument with the same terms as the embedded derivative would meet the definition of a derivative; and
- the hybrid (combined) instrument is not measured at fair value with changes in fair value recognised in profit or loss

If an embedded derivative is separated, the host contract shall be accounted for under TAS 39 if it is a financial instrument and in accordance with other appropriate standards if it is not a financial instrument.

---

**AKBANK T.A.Ş.**

**NOTES TO UNCONSOLIDATED FINANCIAL STATEMENTS AT 30 JUNE 2016**

(Amounts expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

---

**V. EXPLANATIONS ON INTEREST INCOME AND EXPENSE:**

Interest income and expenses are recognized in the income by using the "Effective interest method". The Bank ceases accruing interest income on non-performing loans and reverses any interest income accrued from such loans. No income is accounted until the collection is made according to the related regulation.

**VI. EXPLANATIONS ON FEE AND COMMISSION INCOME AND EXPENSES:**

Fees and commission income/expenses are primarily recognized on an accrual basis or "Effective interest method" according to the nature of the fee and commission, except for certain commission income and fees for various banking services which are recorded as income at the time of collection. Contract based fees or fees received for services such as the purchase and sale of assets on behalf of a third party or legal person are recognized as income at the time of collection.

**VII. EXPLANATIONS ON FINANCIAL ASSETS:**

The Bank categorizes its financial assets as "Fair value through profit/loss", "Available-for-sale", "Loans and receivables" or "Held-to-maturity". Sale and purchase transactions of the financial assets mentioned above are recognized and derecognized at the "Settlement dates". The appropriate classification of financial assets of the Bank is determined at the time of purchase by the Bank management, taking into consideration the purpose of the investment.

**a. Financial assets at the fair value through profit or loss:**

This category has two subcategories: "Trading financial assets" and "Financial assets designated at fair value through profit/loss at initial recognition".

Trading financial assets are financial assets which are either acquired for generating a profit from short-term fluctuations in prices or are financial assets included in a portfolio aimed at short-term profit making. All regular way purchases and sales of trading financial assets are recognized at the settlement date, which is the date that the asset is delivered to/from the Bank. Trading financial assets are initially recognized at fair value and remeasured at their fair value after recognition. All gains and losses arising from these valuations are reflected in the income statement. Interest earned while holding trading financial assets is accounted as interest income and dividends received are included separately in dividend income.

Derivative financial assets are classified as trading financial assets unless they are used for hedging purposes. The accounting of derivative financial assets is explained in Note IV of Section Three.

The Bank has no financial assets designated as financial assets at fair value through profit or loss.

**b. Financial assets available-for-sale:**

Financial assets available-for-sale consist of financial assets other than "Loans and receivables", "Held-to-maturity", "Financial assets at fair value through profit or loss" and non-derivative financial assets. Financial assets available-for-sale are recorded by adding transaction cost to acquisition cost reflecting the fair value of the financial asset.

After the recognition, financial assets available-for-sale are remeasured at fair value. Interest income arising from available-for-sale calculated with "Effective interest method" and dividend income from equity securities are reflected to income statement. "Unrealized gains and losses" arising from the difference between the amortized cost and the fair value of securities classified as available-for-sale are recognized in the account of "Marketable securities valuation differences" under shareholders' equity, unless these assets are impaired, collected, sold, or disposed of. When these securities are collected or disposed of, the related fair value differences accumulated in the shareholders' equity are transferred to the income statement. Available-for-sale equity securities that have a quoted market price in an active market and whose fair values can be reliably measured are carried at fair value. Available-for-sale equity securities that do not have a quoted market price in an active market and whose fair values cannot be reliably measured are carried at cost, less provision for impairment.

**AKBANK T.A.Ş.**

**NOTES TO UNCONSOLIDATED FINANCIAL STATEMENTS AT 30 JUNE 2016**

(Amounts expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

---

**c. Loans and Receivables:**

Loans and receivables are non-derivative financial assets that are not classified as financial assets at fair value through profit or loss or financial assets available-for-sale, are unlisted in an active market and whose payments are fixed or can be determined. Loans and receivables are carried initially by adding acquisition cost which reflect fair value to transaction costs and subsequently recognized at the discounted value calculated using the "Effective interest method". The expenses incurred for the assets received as collateral are not considered as transaction costs and are recognized in the expense accounts.

If the collectability of any receivable is identified as limited or doubtful by the management through assessments and estimates, the Bank provides general and specific provisions for these loans and receivables in accordance with the "Communiqué Related to Principles and Procedures on Determining the Qualifications of Banks' Loans and Other Receivables and the Provision for These Loans and Other Receivables" published in the Official Gazette dated 1 November 2006, no.26333.If a receivable is collected which is provisioned in the same year, it is deducted from the "Special Provisions Loans and Other Receivables". Provision expenses are accounted under "Provision for Loan Losses and Other Receivables" in the income statement and deducted from the net income of the period. If a receivable is collected which is provisioned in the same year, it is deducted from the "Provision for Loan Losses and Other Receivables". If there is a subsequent collection from a receivable which has already been provisioned in previous years, the recovery amount is classified under "Other Operating Income". Uncollectible receivables are written-off after all the legal procedures are finalized.

**d. Held-to-maturity financial assets:**

Held-to-maturity financial assets are non-derivative financial assets with fixed or determinable payments and fixed maturity that an entity has the positive intention and ability to held-to-maturity other than those that the entity upon initial recognition designates as at fair value through profit or loss, those that the entity designates as available-for-sale; and those that meet the definition of loans and receivables. Held-to-maturity financial assets are initially recognized at acquisition cost including the transaction costs which reflect the fair value of those instruments and subsequently recognized at amortized cost by using effective interest rate method. Interest income obtained from held-to-maturity financial assets is accounted in income statement.

There are no financial assets previously classified as held-to-maturity but which cannot be subject to this classification for two years due to the contradiction of classification principles.

The Bank has Consumer Price Index ("CPI") linked government bonds under available-for-sale and held-to maturity portfolios with semi-annual fixed real coupon rates and a maturity of 5 to 10 years. These marketable securities are valued and accounted by using effective interest rate method by considering the real coupon rates and reference inflation index at the issue date together with the index calculated by considering the estimated inflation rate. As disclosed in 'Inflation Indexed Bonds Manual' published by Turkish Treasury, reference index used for the real payments is determined based on the inflation rates of two months before. The estimated inflation rate used is updated during the year when necessary.

**VIII. EXPLANATIONS ON IMPAIRMENT OF FINANCIAL ASSETS:**

It is assessed whether there is objective evidence for a financial asset or group of financial assets is impaired at each balance sheet date. Provision for impairment is provided when there is an objective evidence of impairment.

Impairment for held-to-maturity financial assets carried at amortized cost is calculated as the difference between the present value of the expected future cash flows discounted based on the "Effective interest method" and its carrying value. In case an impairment occurs, the impairment amount is deducted from the carrying value of the asset and the impairment loss is recognized in profit and loss. Regarding available-for-sale financial assets, when there is objective evidence that the asset is impaired the cumulative loss that had been recognized in other comprehensive income shall be reclassified from equity to profit or loss as a reclassification adjustment even though the financial asset has not been derecognized. An explanation about the impairment of loans and receivables is given in Note VII-c of Section Three.

**IX. EXPLANATIONS ON OFFSETTING FINANCIAL ASSETS:**

Financial assets and liabilities are offset and the net amount is reported in the balance sheet when the Bank has a legally enforceable right to offset the recognized amounts and there is an intention to collect/pay the related financial assets and liabilities on a net basis, or to realize the asset and settle the liability simultaneously.

**AKBANK T.A.Ş.**

**NOTES TO UNCONSOLIDATED FINANCIAL STATEMENTS AT 30 JUNE 2016**

(Amounts expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

---

**X. EXPLANATIONS ON SALES AND REPURCHASE AGREEMENTS AND SECURITIES LENDING TRANSACTIONS:**

Securities subject to repurchase agreements ("Repos") are classified as "Financial assets at fair value difference through profit or loss", "Available-for-sale securities" and "Held-to-maturity securities" in the balance sheet according to the investment purposes and measured according to the portfolio of the Bank to which they belong. Funds obtained under repurchase agreements are accounted under "Funds provided under repurchase agreements" in liability accounts and differences between the sale and repurchase prices determined by these repurchase agreements are accrued evenly over the life of the repurchase agreement using the "Effective interest (internal return) method".

Funds given against securities purchased under agreements to resell ("Reverse repos") are accounted under "Receivables from reverse repurchase agreements" in the balance sheet. The difference between the purchase and resell price determined by these repurchase agreements is accrued evenly over the life of repurchase agreements using the "Effective interest method".

The Bank has no securities lending transactions.

**XI. EXPLANATIONS ON PROPERTY AND EQUIPMENT HELD FOR SALE PURPOSE AND RELATED TO DISCONTINUED OPERATIONS:**

Property and equipment held-for-sale consist of tangible assets that were acquired due to non-performing receivables, and are accounted in the financial statements in accordance with the "Communiqué Regarding the Principles and Procedures for the Disposals of Immovables and Commodities Acquired due to Receivables and for Trading of Precious Metal" published in the Official Gazette dated 1 November 2006, no.26333.

The Bank has no discontinued operations.

**XII. EXPLANATIONS ON GOODWILL AND OTHER INTANGIBLE ASSETS:**

The Bank has no goodwill.

Intangible assets are measured at cost on initial recognition and any directly attributable costs of setting the asset to work for its intended use are included in the initial measurement. Subsequently, intangible assets are carried at historical costs after the deduction of accumulated depreciation and the provision for value decreases.

Intangibles are amortized over three to five years (their estimated useful lives) using the straight-line method. The useful life of the asset is determined by assessing the expected useful time of the asset, technical, technological and other kinds of wear and tear and all required maintenance expenses necessary to utilize the economic benefit from the asset.

**XIII. EXPLANATIONS ON PROPERTY AND EQUIPMENT:**

Property and equipment is measured at its cost when initially recognized and any directly attributable costs of setting the asset in working order for its intended use are included in the initial measurement. Subsequently, property and equipment is carried at cost less accumulated depreciation and provision for value decrease.

Depreciation is calculated over the cost of property and equipment using the straight-line method over estimated useful lives. The estimated useful lives are stated below:

Buildings	50 years
Machinery, furniture, fixtures and vehicles	5 years

The depreciation charge for items remaining in the property and equipment for less than an accounting period at the balance sheet date is calculated in proportion to the period the item will remain in property and equipment.

Where the carrying amount of an asset is greater than its estimated "Net realizable value amount", it is written down to its "Net realizable value amount" and the impairment loss is charged to the income statement.

Gains and losses on the disposal of property and equipment are determined by deducting the net book value of the property and equipment from its sales revenue.

Expenditures for the repair and renewal of property and equipment are recognized as expense. The capital expenditures incurred in order to increase the capacity of the tangible asset or to increase the future benefit of the asset are capitalized on the cost of the tangible asset. Capital expenditures include the cost components that increase the useful life, or the capacity of the asset, increase the quality of the product or decrease its costs.

---

**AKBANK T.A.Ş.**

**NOTES TO UNCONSOLIDATED FINANCIAL STATEMENTS AT 30 JUNE 2016**

(Amounts expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

---

**XIV. EXPLANATIONS ON LEASING TRANSACTIONS:**

Assets acquired under finance lease agreements are capitalized at the inception of the lease at the "Lower of the fair value of the leased asset or the present value of the lease installments that are going to be paid for the leased asset". Leased assets are included in the property and equipment and depreciation is charged on a straight-line basis over the useful life of the asset. If there is impairment in value of the leased asset, an impairment is recognized. Liabilities arising from the leasing transactions are included in "Finance lease payables" in the balance sheet. Interest and foreign exchange expenses regarding lease transactions are charged to the income statement. The Bank does not provide financial leasing services as a "Lessor".

Transactions regarding operational lease agreements are accounted on an accrual basis in accordance with the terms of the related contracts.

**XV. EXPLANATIONS ON PROVISIONS AND CONTINGENT LIABILITIES:**

Provisions and contingent liabilities are accounted in accordance with the "Turkish Accounting Standard for Provisions, Contingent Liabilities and Contingent Assets" ("TAS 37").

Provisions are recognized when the Bank has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate of the amount of the obligation can be made. A provision for contingent liabilities arising from past events should be recognized in the same period of occurrence in accordance with the periodicity principle.

A liability is recognized as a contingent liability where a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of more than one events not wholly within the control of the Bank; or a present obligation that arises from past events but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or the amount of the obligation cannot be measured with sufficient reliability and disclosed in the footnotes.

**XVI. EXPLANATIONS ON CONTINGENT ASSETS:**

Contingent assets usually arise from unplanned or other unexpected events that give rise to the possibility of an inflow of economic benefits to the entity. Contingent assets are not recognized in financial statements since this may result in the recognition of income that may never be realized. Contingent assets are disclosed where an inflow of economic benefits is probable. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements. If it has become virtually certain that an inflow of economic benefits will arise, the asset and the related income are recognized in the financial statements in which the change occurs.

**XVII. EXPLANATIONS ON OBLIGATIONS RELATED TO EMPLOYEE RIGHTS:**

**a. Employment termination benefits and vacation rights:**

Obligations related to employment termination and vacation rights are accounted for in accordance with "Turkish Accounting Standard for Employee Rights" ("TAS 19").

Under the Turkish Labor Law, the Bank and its subsidiaries operating in Turkey are required to pay a specific amount to the employees who have retired or whose employment is terminated other than the reasons specified in the Turkish Labor Law. According to the related regulation, the Bank is obliged to pay termination benefits for employees who retire, quit for their military service obligations, who have been dismissed as defined in the related regulation or who have completed at least one year of service. The reserve for employment termination benefits represents the present value of the estimated total reserve for the future probable obligation of the Bank arising from this liability. In accordance with TAS 19, actuarial gains and losses are recognized in equity.

**AKBANK T.A.Ş.**

**NOTES TO UNCONSOLIDATED FINANCIAL STATEMENTS AT 30 JUNE 2016**

(Amounts expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

---

**b. Retirement rights:**

The Bank's personnel are members of the "Akbank T.A.Ş. Personnel Pension Fund Foundation" ("Pension Fund") established in accordance with the Social Security Law numbered 506, article No.20. The financial statements of the Pension Fund have been audited as of year ends by an independent actuary in accordance with the 38th article of the Insurance Supervisory Law and the "Actuarial Regulation" based on the same article.

Temporary 23rd article paragraph ("the paragraph") 1 of the Banking Law No 5411 published in the Official Gazette no. 25983 dated 1 November 2005 envisaged that Banks would transfer their pension funds to the Social Security Institution ("SSI") within three years following the publication date of the Banking Law, and regulated the principles of this transfer. The first paragraph of the related article was rescinded as from the 31 March 2007, the publication date of the decision of the Constitutional Court dated 22 March 2007. The reasoned decree regarding the rescission of the mentioned paragraph was published in the Official Gazette numbered 26731, dated 15 December 2007.

Following the publication of the reasoned decree of the Constitutional Court, Turkish Grand National Assembly commenced to work on a new law regarding the transfer of the members of funds to the Social Security Institution; the related articles of the Social Security Law ("New Law") numbered 5754 regarding the transfer of the funds, were ratified by the TGNA General Meeting on 17 April 2008 and came into effect following the publication in the Official Gazette numbered 26870, dated 8 May 2008.

The main opposition party had appealed to the Constitutional Court for the cancellation of some of the articles of the New Law including transfer of the Funds to the SSI on 19 June 2008. The Constitution Court has dismissed the appeal with the decision taken in the meeting dated 30 March 2011. The reasoned decision has been published in the Official Gazette numbered 28156 dated 28 December 2011.

The New Law was requiring that present value of post-employment benefits at the transfer date shall be calculated by a commission consisting of the representatives of SSI, Ministry of Finance, Undersecretariat of Treasury, Undersecretariat of State Planning Organization, BRSA, SDIF and banks and funds, by using a technical discount rate of 9,8 percent taking into consideration the transferrable contributions and payments of the funds including any monthly payment differences paid by the funds above the limits within the framework of SSI regulations. Accordingly the transfer required by the New Law was to be completed until 8 May 2011. According to the decision of the Council of Ministers published on the Official Gazette dated 9 April 2011 no. 27900, the time frame for related transfer has been extended for two years. Within the postponement right granted to the Council of Ministers through the change in the first clause of the 20th provisional article of the "Social Insurance and General Health Insurance Law no. 5510" published on the Official Gazette no. 28227 dated 8 March 2012, the transfer process has been postponed for one more year with the decision of the Council of Ministers published on the Official Gazette no. 28987 dated 30 April 2014. The Council of Ministers has been authorized to determine the transfer date in accordance with the last amendment in the first paragraph of the 20th provisional article of Law No.5510 implemented by the Law No. 6645 on Amendment of the Occupational Health and Safety Law and Other Laws and Decree Laws published in the Official Gazette dated 23 April 2015 and numbered 29335.

According to the New Law, following the transfer of the members of the fund to the SSI, the funds and institutions will continue to provide the non-transferrable social benefits and payments which are included in the articles of association of the fund.

With respect to that, according to the technical balance sheet report as at 31 December 2015 prepared considering the related articles of the New Law regarding the transferrable benefit obligations for the non-transferrable social benefits and payments which are included in the articles of association, the Fund has no technical or actual deficit which requires a provision. Since the Bank has no legal right to hold the present value of any economic benefits available in the form of refunds from Pension Fund or reductions in future contributions to Pension Fund, no asset is recognized in the Bank's financial statements.

Additionally, the Bank management is of the opinion that the possible obligation amount to arise during and after the transfer to be made within the framework described above will be at a reasonable level that can be met by the Fund's assets and will not bring any additional burden for the Bank.

**AKBANK T.A.Ş.**

**NOTES TO UNCONSOLIDATED FINANCIAL STATEMENTS AT 30 JUNE 2016**

(Amounts expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

---

**XVIII. EXPLANATIONS ON TAXATION:**

**a. Current tax:**

In Turkey, corporate tax rate is 20%. Corporate tax is calculated on the total income of the Bank after adjusting for certain disallowable expenses, tax-exempt income and other allowances. No further tax is payable unless the profit is distributed.

Dividends paid to non-resident corporations, which have a place of business in Turkey or are resident corporations, are not subject to withholding tax. Otherwise, dividends paid are subject to withholding tax at the rate of 15%. An increase in capital via issuing bonus shares is not considered as profit distribution and thus does not incur withholding tax.

Corporations are required to pay advance corporate tax quarterly at a rate of 20% on their corporate income. Advance tax is declared by the 14th day and paid by the 17th day of the second month following each calendar quarter end. Advance tax paid by corporations which is for the current period is credited against the annual corporation tax calculated on their annual corporate income in the following year. Despite the offset, if there is temporary prepaid tax remaining, this balance can be refunded or used to offset any other financial liabilities to the government.

A 75% portion of the capital gains derived from the sale of equity investments and immovable properties held for at least two years is tax exempt, if such gains are added to paid-in capital or held in a special fund account under liability for five years.

Under the Turkish Corporate Tax Law, losses can be carried forward to offset against future taxable income for up to five years. Tax losses cannot be carried back to offset profits from previous periods.

In Turkey, there is no procedure for a final and definitive agreement on tax assessments. Companies file their tax returns until the 25th day of the following fourth month after the closing of the accounting year to which they relate. Tax returns are open for five years from the beginning of the year following the date of filing during which time period the tax authorities have the right to audit tax returns, and the related accounting records on which they are based, and may issue re-assessments based on their findings.

Current tax, related to items recognized directly in equity is also credited or charged directly to equity.

**b. Deferred tax:**

The Bank calculates and accounts for deferred income taxes for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in these financial statements in accordance with "Turkish Accounting Standard for Income Taxes" ("TAS 12") and the related decrees of the BRSA concerning income taxes. In the deferred tax calculation, the enacted tax rate, in accordance with the tax legislation, is used as of the balance sheet date.

Deferred tax liabilities are recognized for all resulting temporary differences whereas deferred tax assets resulting from temporary differences are recognized to the extent that it is probable that future taxable profit will be available against which the deferred tax assets can be utilized. Deferred tax asset is not provided over provisions for possible risks and general loan loss provisions according to the circular of BRSA numbered BRSA.DZM.2/13/1-a-3 and dated 8 December 2004.

Deferred tax assets and liabilities are presented as net in the financial statements.

Deferred tax, related to items recognized directly in equity is also credited or charged directly to equity.

**XIX. EXPLANATIONS ON BORROWINGS:**

Debt instruments with different characteristics such as syndicated and securitized borrowings and post-financing obtained from foreign financial institutions, marketable securities issued in domestic and foreign markets and money market borrowings are major funding source of the Bank. Mentioned borrowings are carried initially at acquisition cost and subsequently recognized at the discounted value calculated using the "Effective interest method".

**XX. EXPLANATIONS ON ISSUANCE OF SHARE CERTIFICATES:**

There is no share certificate issuance in 2016.

**XXI. EXPLANATIONS ON AVALIZED DRAFTS AND ACCEPTANCES:**

Avalized drafts and acceptances shown as liabilities against assets are included in the off-balance sheet commitments.

---

**AKBANK T.A.Ş.**

**NOTES TO UNCONSOLIDATED FINANCIAL STATEMENTS AT 30 JUNE 2016**

(Amounts expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

**XXII. EXPLANATIONS ON GOVERNMENT GRANTS:**

As of 30 June 2016 and 31 December 2015, there is no government grant for the Bank.

**XXIII. EXPLANATIONS ON SEGMENT REPORTING:**

An operating segment is a component of an entity:

- that engages in business activities from which it may earn revenues and incur expenses (including revenues and expenses relating to transactions with other components of the same entity),
- whose operating results are regularly reviewed by the entity's chief operating decision maker to make decisions about resources to be allocated to the segment and assess its performance, and
- for which discrete financial information is available.

Reporting according to the operational segment is presented in Note IX of Section Four.

**XXIV. PROFIT RESERVES AND PROFIT APPROPRIATION:**

Retained earnings as per the statutory financial statements other than legal reserves are available for distribution, subject to the legal reserve requirement referred to below.

Under the Turkish Commercial Code, legal reserves consist of first legal reserve and second legal reserve. First legal reserve, appropriated at the rate of 5%, until the total reserve is equal to 20% of issued and fully paid-in share capital. Second legal reserve, appropriated at the rate of at least 10% of distributions in excess of 5% of issued and fully paid-in share capital, but Holding companies are not subject to such transaction. According to the Turkish Commercial Code, legal reserves can only be used to compensate accumulated losses and cannot be used for other purposes unless they exceed 50% of paid-in capital.

The Ordinary General Assembly Meeting of the Bank was held on 28 March 2016. In the Ordinary General Assembly, it was decided to distribute a TL 600.000 cash dividend over the TL 2.994.848 net income from 2015 operations to the Bank's shareholders. It was also resolved in the General Assembly to transfer TL 8.646 to special funds account under other capital reserves, to allocate TL 40.000 as legal and TL 2.346.202 as extraordinary reserves.

**XXV. EARNINGS PER SHARE:**

Earnings per share disclosed in the income statement are calculated by dividing net profit for the year by the weighted average number of shares outstanding during the period concerned.

	<b>Current Period 30 June 2016</b>	<b>Prior Period 30 June 2015</b>
Net Profit for the Year	2.339.393	1.413.884
Average Number of Issued Common Shares (Thousand)	400.000.000	400.000.000
<b>Earnings Per Share (Amounts presented as full TL)</b>	<b>0,00585</b>	<b>0,00353</b>

In Turkey, companies can increase their share capital by making a pro-rata distribution of shares ("Bonus shares") to existing shareholders from retained earnings. For the purpose of earnings per share computations, the weighted average number of shares outstanding during the year has been adjusted in respect of bonus shares issued without a corresponding change in resources by giving them a retroactive effect for the year in which they were issued and for each earlier period. In case bonus shares are distributed after the balance sheet date but before the preparation of the financial statements, earnings per share is calculated considering the new number of shares.

No bonus shares issued in 2016 (2015: (-)).

**XXVI. RELATED PARTIES:**

Parties defined in Article 49 of the Banking Law No.5411, Bank's senior management and Board Members are deemed as related parties. Transactions regarding related parties are presented in Note VI of Section Five.

**AKBANK T.A.Ş.**

**NOTES TO UNCONSOLIDATED FINANCIAL STATEMENTS AT 30 JUNE 2016**

(Amounts expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

---

**XXVII. CASH AND CASH EQUIVALENT ASSETS:**

For the purposes of the cash flow statement, cash includes cash effectives, cash in transit, purchased cheques and demand deposits including balances with the Central Bank; and cash equivalents include interbank money market placements, time deposits at banks with original maturity periods of less than three months and investments on marketable securities other than common stocks.

**XXVIII. RECLASSIFICATIONS:**

In order to be consistent with the presentation of financial statements dated 30 June 2016, there are certain reclassifications made on income statement and cash flow statement of 30 June 2015.

(Amounts expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

**SECTION FOUR**  
**INFORMATION RELATED TO FINANCIAL POSITION AND RISK MANAGEMENT OF THE BANK**

**I. EXPLANATIONS ON EQUITY:**

Total capital and Capital adequacy ratio have been calculated in accordance with the "Regulation on Equity of Banks" and "Regulation on Measurement and Assessment of Capital Adequacy of Banks".

As of 30 June 2016 Bank's total capital has been calculated as TL 31.205.904, Capital adequacy ratio is % 14,88. As of 31 December 2015, Bank's total capital amounted to TL 28.954.803, Capital adequacy ratio was % 14,58 calculated pursuant to former regulations. This ratio is well above the minimum ratio required by the legislation.

**a. Information about Total Capital:**

(\*) Total capital has been calculated in accordance with the "Regulations regarding to changes on Regulation on Equity of Banks" effective from date 31 March 2016, the information given in the prior period column has been calculated pursuant to former regulation.

**b. Information about instruments that will be included in total capital calculation:** None.

**c.** The difference between Total Capital and Equity in the consolidated balance sheet mainly arises from the general provision. In the calculation of Total Capital, general provision up to %1,25 credit risk is taken into consideration as Tier II Capital. Besides, losses that are subject to deductions from Common Equity Tier I and reflected to Equity in line with the TAS, are determined by excluding the losses related to cash flow hedge transactions. On the other hand, in the calculation of the Total Capital, improvement costs for operating leases followed under tangible assets in the balance sheet, intangible assets and related deferred tax liabilities, net book value of immovables that are acquired against overdue receivables and retained more than five years, other items defined by the regulator are taken into consideration as amounts deducted from Total Capital.

**AKBANK T.A.Ş.**

**NOTES TO UNCONSOLIDATED FINANCIAL STATEMENTS AT 30 JUNE 2016**

(Amounts expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

**II. EXPLANATIONS ON CURRENCY RISK**

The difference between the Bank's foreign currency denominated and foreign currency indexed assets and liabilities is defined as the "Net Foreign Currency Position" and is the basis of currency risk. Foreign currency denominated assets and liabilities, together with purchase and sale commitments, give rise to foreign exchange exposure. The Bank keeps the foreign exchange exposure amount within the limits set by the ERC. The Board, taking into account the recommendations by the ERC, sets a limit for the size of a foreign exchange exposure, which is closely monitored by ALCO.

Those limits are individually determined and followed for both the net overall foreign currency position and for the foreign exchange exposure. Derivative financial instruments like forward foreign exchange contracts and currency swaps are used as tools for foreign exchange exposure management.

The Bank's foreign exchange bid rates as of the date of the financial statements and for the last five days prior to that date are presented below:

	<b>USD</b>	<b>EURO</b>	<b>Yen</b>
Balance Sheet Evaluation Rate	TL 2,8560	TL 3,1758	TL 2,7728
1.Day bid rate	TL 2,8936	TL 3,2044	TL 2,8149
2.Day bid rate	TL 2,9130	TL 3,2262	TL 2,8424
3.Day bid rate	TL 2,9365	TL 3,2402	TL 2,8759
4.Day bid rate	TL 2,9266	TL 3,2444	TL 2,8455
5.Day bid rate	TL 2,8799	TL 3.2728	TL 2.7384

The simple arithmetic average of the Bank's foreign exchange bid rates for the last thirty days preceding the balance sheet date for major foreign currencies are presented in the table below:

USD	:TL 2,9234
EURO	:TL 3,2796
Yen	:TL 2,7345

As of 31 December 2015;

	<b>USD</b>	<b>EURO</b>	<b>Yen</b>
Balance Sheet Evaluation Rate	TL 2,8800	TL 3,1422	TL 2,3864

**Information related to Bank's Currency Risk: (Thousands of TL)**

The table below summarizes the Group's net foreign currency position, categorized by currency. Foreign currency indexed assets, classified as Turkish Lira assets according to the Uniform Chart of Accounts. In the calculation of the currency risk, currency indexed assets are considered as foreign currency item. Also, trading derivative financial assets and liabilities, deferred tax assets and liabilities, prepaid expenses, general loan loss provision, hedging derivative financial assets and liabilities and shareholders' equity are excluded in the currency risk calculation. Therefore, there are differences between the amounts of foreign currency denominated assets and liabilities demonstrated on the table below and the amounts on the balance sheet.

**III. EXPLANATIONS ON INTEREST RATE RISK:**

"Interest Rate Risk" can be defined as the impact of interest rate changes on interest-sensitive asset and liability items of both on and off-balance sheets of the Group. The ERC sets limits for the interest rate sensitivity of on and off-balance sheet items and the sensitivity is closely monitored and reported weekly. In the case of high market fluctuations, daily transaction based reporting and analyses are made.

The Bank manages the interest rate risk on a portfolio basis and tries to minimize the risk effect on the profitability, financial exposure and cash flows by applying different strategies. Basic methods such as using fixed or floating interest rates for different portfolios and maturities, setting the fixed margin in floating rates, or varying the rates for the short or long-term positions are applied actively.

**a. Interest rate sensitivity of assets, liabilities and off-balance sheet items based on repricing dates:**

**IV. EXPLANATIONS ON EQUITY SECURITIES POSITION RISK DERIVED FROM BANKING BOOKS:**

The Bank doesn't have any subsidiaries and affiliates that are traded on the "BIST".

**V. EXPLANATIONS ON LIQUIDITY RISK MANAGEMENT AND LIQUIDITY COVERAGE RATIO:**

The liquidity risk of the Bank is the risk of being unable to fulfill its payment obligations on time due to not having enough cash sources or cash inflows to finance its cash outflows fully and on time due to cash flow instabilities. Liquidity risk arises from situations in which the Bank is unable to meet the cash outflows with its cash sources and borrowing opportunities over collateralizing marketable securities, in case of sudden fund withdrawals by the individual/institutional funders of the Bank.

**a) Information on risk capacity of the Bank, Responsibilities and structure of liquidity risk management, the Bank's internal liquidity risk reporting, communication between the Board of Directors and business lines on liquidity risk strategy, policy and application:**

The Bank's liquidity and funding policy is to own sufficient liquidity reserve and funding opportunities to meet Bank's liabilities even in cases of stress, resulting from the market conditions or other conditions specific to the Bank.

The Bank has capacity to meet a high risk with broad and stable deposit, strong base capital structure and diversified foreign borrowing sources and is capable of providing additional liquidity with high quality liquid securities in its portfolio and available limits at both the Central Bank of Turkey and other Money markets.

Management of liquidity risk is shared by Executive Risk Committee, Asset – Liability Committee (ALCO), Treasury Department and Risk Management Department. Executive Risk Committee determines the liquidity management policies and the appropriate liquidity risk level in line with the Bank's risk appetite and monitors whether the liquidity risk is managed under the framework of determined policies and within the defined limits.

The different categories of defined limits are;

- Limits related to wholesale funding sources,
- Limits related to liquid asset buffer,
- Limits related to loan/deposit ratio,
- Limits related to the cash inflows coverage capacity to cash outflows,
- Limits related to cash outflow coverage capacity in the stress environment

ALCO takes decision to use alternative funding sources, pricing of obtained funds and granted loans, and other decisions of Daily liquidity management. Treasury Department ensures that the Bank meets its short, middle and long term liabilities, with the transactions made in accordance with ALCO decisions order to utilize excess funding or close the funding gap, occurring on foreign currencies or maturity terms. Risk Management Department measures and monitors the liquidity risk, with the reports prepared and analyses made, and informs the top management. Liquidity risk reporting consists of periodic and special purpose

**AKBANK T.A.Ş.**

**NOTES TO UNCONSOLIDATED FINANCIAL STATEMENTS AT 30 JUNE 2016**

(Amounts expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

---

reports prepared to be discussed in Executive Risk Committee and ALCO meetings, stress tests, scenario analyses, risk limit compliance reports and legal liquidity reports.

**b) Information on the centralization degree of liquidity management and funding strategy and the functioning between the Bank and the Bank's subsidiaries:**

Each of the Bank's subsidiaries within the consolidation scope manages its own liquidity. Nevertheless, there are defined limits related to the funding amount that the Bank will provide to a subsidiary, in case of liquidity issues. Cumulative liquidity gap resulted in stress scenarios of subsidiaries, should not exceed the fund limits provided by the Bank.

**c) Information on the Bank's funding strategy including the policies on funding types and variety of maturities:**

The Bank targets to obtain additional funding sources besides the strong capital structure, from the most possible diversified, long term stable sources, considering cost factors. In this direction, concentration ratios such as share of retail funding sources in total funding sources, share of deposits of high amount in total deposit, share of borrowings made from the market in total market volume are monitored and limited with the applied risk limits. Treasury Unit performs necessary work to obtain long term foreign funding.

**d) Information on liquidity management on the basis of currencies constituting a minimum of five percent of the Bank's total liabilities:**

Almost all of the Bank's liabilities are in TL, USD or EUR currencies and TL funds comprise of mainly equity and deposits. The Bank's liquidity in TL is managed with repurchase agreements made at CBRT/BIST using high quality securities owned by the Bank. Together with keeping the main purpose as using liabilities in TL in funding assets in TL, foreign currency liabilities are used in creating assets in TL using foreign exchange swaps, when necessary. Liquidity management is performed in the scope of internal risk limits, such as short term borrowing limits from markets determined by the Bank, market concentration limits, liquidity stress scenario, and cumulative liquidity gap.

Foreign currency funds are obtained through foreign exchange deposit accounts, foreign based, foreign currency loans, securities issued and repurchase agreements. Foreign currency liquidity management is performed using internal risk limits defined for liquidity buffer kept at correspondent banks and monitored daily in the scope of the Bank's risk limits, and cumulative gap in the scope of liquidity stress scenario, and other risk limits defined for wholesale funding and concentration. The Bank has available foreign currency borrowing limits at CBRT/BIST and other banks.

**e) Information on liquidity risk mitigation techniques:**

Liquidity risk is mitigated by using techniques such as maintaining high quality liquid asset buffer to cover possible fund outflows, diversification of funding sources so far as possible and inclusion to the base, homogenizing the maturity distribution of repayments as far as possible, obtaining limits from funding institutions to use when necessary and ensuring that a determined portion of funding sources are comprised of deposit.

**f) Information on the use of stress tests:**

In cases of negative conditions such as an impairment in the securities in the Bank's portfolio, inability to replace short and long term borrowings, fast cash outflow, increase in non-performing loan ratio, high margin calls, the extent and duration of sufficient liquidity is analyzed by the stress tests made by the Risk Management Department. Risk limits determined according to analysis results exist within the Bank. It is ensured that the necessary actions are taken by sharing the analysis results and risk limit compliance status with the ALCO, Executive Risk Committee and related business units.

**g) General information on urgent and unexpected liquidity situation plans:**

Necessary strategy and procedures for the management of possible liquidity crisis are determined with the Liquidity Contingency Plan, which is approved and reviewed every year by the Executive Risk Committee. The actions to be taken favor the benefits of depositors, creditors of the Bank and shareholders. In case one or several emergency situations occur, Bank's Liquidity Contingency Plan is put into use. After Liquidity Contingency Plan is put into use, Liquidity Contingency Management Committee is responsible from the determination of actions to be taken.

**CONVENIENCE TRANSLATION OF PUBLICLY ANNOUNCED UNCONSOLIDATED FINANCIAL STATEMENTS  
ORIGINALLY ISSUED IN TURKISH, SEE NOTE I.b OF SECTION THREE**

**AKBANK T.A.Ş.**

**NOTES TO UNCONSOLIDATED FINANCIAL STATEMENTS AT 30 JUNE 2016**

(Amounts expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

Liquidity coverage ratio is calculated by comparing the high quality liquid assets owned by the Bank to net cash outflow in one month maturity. Balance sheet accounts that are significant on the ratio can be listed as reserve requirements maintained at CBRT, marketable securities that are not subject to repurchase agreements or not given as collateral, corporate deposits, bank deposits, foreign funds and borrowings from banks. The effect of these accounts on the liquidity coverage ratio is higher than other accounts, since these accounts have a higher share in liquid assets and net cash outflows.

Periodic increases are observed in the liquidity coverage ratio during the weeks where the foreign currency reserve option is used in reserve requirements in CBRT, high amounts are maintained in bank placements or repurchase agreement volume decreases, on the other hand, fluctuations may occur in the liquidity coverage ratio during the weeks where the share of corporate or bank funds increase, or long term foreign funds which are replaced when due, such as syndicated loans are due in one month. Despite these fluctuations, it is observed that the ratio does not decrease below 117% during the period and remain at a quite higher level than the legal lower limit.

Although the derivative transactions create net cash flow of small amount in terms of total liquidity coverage ratio, fluctuations in foreign currency derivative transactions, especially in foreign exchange swaps cause the foreign currency liquidity coverage ratio to be affected.

The Bank's high quality liquid assets mainly comprise of CBRT accounts by 59% and securities issued by Undersecretariat of the Treasury by 37%. Funding sources are mainly distributed between individual and retail deposits by 58%, corporate deposits by 26%, borrowings from banks by 5% and collateralized borrowings such as repurchase agreements by 6%.

Cash outflow amounting to TL 1.536 million (in full TL amount) is calculated based on the change of margin call amounts of derivative transactions and repurchase agreements during the last two years.

The Bank follows up and manages the liquidity coverage ratio including its foreign branch. There is no limitation which avoids liquidity transfer between the Bank and the foreign branch. In this context, the foreign branch does not create any additional liquidity risk for the Bank.

In accordance with the "Regulation on calculation of Bank's liquidity coverage ratio", published in Official Gazette no. 28948, dated 21 March 2014, the weeks in which the highest and the lowest liquidity coverage ratio is calculated over the last three months are presented below.

**AKBANK T.A.Ş.**

**NOTES TO UNCONSOLIDATED FINANCIAL STATEMENTS AT 30 JUNE 2016**

(Amounts expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

**VIII. EXPLANATIONS ON HEDGE TRANSACTIONS:**

The Bank hedges its TL and foreign denominated fixed rate financial assets with cross currency swaps and interest rate swaps. Within the scope of fair value hedge, fair value changes of hedging instrument and hedged item are accounted in the income statement. As long as the hedge relationship is effective, fair value change of the hedged item is disclosed together with its related asset in the balance sheet for TL denominated fixed rate mortgage loans. Fair value changes which have already been booked in equity, have been reclassified from equity to income statement for TL and FC denominated fixed rate available-for-sale financial assets.

The Bank hedges against its cash flow risk stemming from foreign currency denominated floating rate financial liabilities with interest rate swaps. Within the scope of cash flow hedge accounting, effective part of the fair value changes of the hedging instrument are accounted in equity under "Hedging reserves" whereas ineffective part is accounted in the income statement. At instances when cash flows relating to hedged item (interest expense) affect the income statement, profit/loss of the related hedging item is taken out of the equity and reflected on the income statement.

Prospective tests are performed at the inception of the hedge relationships and both prospective and retrospective tests are performed at each reporting period-end regularly by using "Dollar off-set method". In this method, changes in the fair value of the hedged item and changes in the fair value of the hedging instruments between the designation date and each reporting period-end are compared and effectiveness ratio is calculated. In the determination of the fair values of hedging instruments and hedged item, market yield curves are used. Hedge accounting principles are applied by assessing the calculated effectiveness ratio within the scope of TAS 39.

When the hedging instrument expires, is executed or sold and when the hedge relationship becomes ineffective or is discontinued as a result of the hedge relationship being revoked;

- The hedging gains and losses that were previously recognized under equity are transferred to profit or loss when the cash flows of the hedged item are realized,
- Adjustments made to the carrying amount of the hedged item are transferred to profit and loss with straight line method for portfolio hedges or with effective interest rate method for micro hedges.

In case the hedged item is derecognized, hedge accounting is discontinued and within context of fair value hedge accounting, adjustments made to the value of the hedged item are accounted in income statement.

In accordance with TAS 39, the replacement or rollover of a hedging instrument into another hedging instrument is not an expiration or termination if such replacement or rollover is part of the entity's documented hedging strategy.

The Bank also applies fair value hedge against currency risk resulting from investments abroad. As long as the subject fair value hedge transaction is effective, fair value changes of the hedged item are reflected to income statement.

As of 30 June 2016, contractual amounts of derivative financial instruments designated as hedging instruments and the net fair values carried in the balance sheet are summarized in the following table:

	Current Period 30.06.2016			Prior Period 31.12.2015		
	Notional Amount	Assets	Liabilities	Notional Amount	Assets	Liabilities
Interest Rate and Cross Currency Swaps						
-TL	2.721.663	180.886	108.688	1.228.638	648.858	-
-FC	16.875.048	-	339.453	11.197.395	-	157.528
<b>Total</b>	<b>19.596.711</b>	<b>180.886</b>	<b>448.141</b>	<b>12.426.033</b>	<b>648.858</b>	<b>157.528</b>

**AKBANK T.A.Ş.**

**NOTES TO UNCONSOLIDATED FINANCIAL STATEMENTS AT 30 JUNE 2016**

(Amounts expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

**1. Explanations on Fair Value Hedge:**

**Current Period: 30.06.2016**

Hedging Instrument	Hedged Item	Risk Exposure	Fair Value Difference of Hedging Instrument	Fair Value Difference of Hedged Items (*)	Ineffective Portion (**)
Interest Rate Swap	Fixed interest rate FC available-for-sale financial assets	Interest rate risk	(335.856)	332.328	(3.528)
Cross-currency swap	Fixed interest rate TL Mortgage Loans, FC borrowings	Interest rate and currency risk	97.955	(97.866)	89

(\*) Includes fair value differences arising from changes in foreign exchange rates for the hedge transactions having risk exposure of both interest rate and foreign currency.

(\*\*) Represents the cumulative amounts booked under "Gains / (Losses) on Derivative Financial Transactions" and "Gains/ (Losses) on Foreign Exchange Transactions" since the beginning of hedge accounting.

**Priond Period: 31.12.2015**

Hedging Instrument	Hedged Item	Risk Exposure	Fair Value Difference of Hedging Instrument	Fair Value Difference of Hedged Items (*)	Ineffective Portion(**)
Interest Rate Swap	Fixed interest rate FC available-for-sale financial assets	Interest rate risk	(175.849)	170.936	(4.913)
Cross-currency swap	Fixed interest rate TL Mortgage Loans, FC borrowings	Interest rate and currency risk	236.846	(233.961)	2.885
Cross-currency swap	Fixed interest rate TL available-for-sale financial assets, FC borrowings	Interest rate and currency risk	312.135	(307.153)	4.982

(\*) Includes fair value differences arising from changes in foreign exchange rates for the hedge transactions having risk exposure of both interest rate and foreign currency.

(\*\*) Represents the cumulative amounts booked under "Gains / (Losses) on Derivative Financial Transactions" and "Gains/ (Losses) on Foreign Exchange Transactions" since the beginning of hedge accounting.

The Bank also applies fair value hedge strategy against the foreign currency risk arising from share premiums and paid-in-capital of Akbank AG, one of Bank's subsidiaries, amounting to EUR 320 Million. EUR 320 Million of syndication loans used by the Bank have been determined as "hedging instruments. "

As of 30 June 2016 fair value hedge transactions have been determined as effective.

In addition, when the hedging instrument expires, is executed or sold and when the hedge relationship becomes ineffective or is discontinued as a result of the hedge relationship being revoked with the information related discontinuous transactions are given below

- As of 30 June 2016, related to fair value hedge transactions, the remaining net amount after amortization of the fair value change of the hedged items since the beginning of hedge accounting is TL (9.540) [31 December 2015: TL 7.972]

**AKBANK T.A.Ş.**

**NOTES TO UNCONSOLIDATED FINANCIAL STATEMENTS AT 30 JUNE 2016**

(Amounts expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

**2. Explanations on Cash Flow Hedge:**

Hedging instrument	Hedged item	Nature of risk hedged	Hedging instrument FV		Net gain/(loss) recognized in OCI during the period	Net gain(loss) reclassified to income statement during the year	Ineffective portion recognized in income statement (Net)
			Assets	Liabilities			
Interest Rate Swap	Floating-rate long Term FC funds borrowed	Cash Flow risk due to changes in interest rate of funds	-	(21.743)	(28.747)	(4.260)	(100)

As of 30 June 2016 cash flow hedge transactions have been determined as effective.

In addition, when the hedging instrument expires, is executed or sold and when the hedge relationship becomes ineffective or is discontinued as a result of the hedge relationship being revoked with the information related discontinuous transactions are given below:

- As of 30 June 2016, related to cash flow hedge transactions, the remaining before tax amount in equity after amortization of the fair value change of the hedging instruments, since the beginning of hedge accounting is TL (56.685) (31 December 2015: TL (75.471)).

**IX. EXPLANATIONS ON BUSINESS SEGMENTS:**

The Bank operates in three main business segments including Retail and Private Banking, Commercial Banking and SME Banking, Corporate Banking, Treasury activities, These segments have been determined considering customer segments and branch network providing services to customers in accordance with the Bank's organizational structure.

The profitability system generating segment information provides profitability information on the basis of account customer, customer relationship manager, branch segment and product. This information is made available to the branch and Head Office personnel through a web-based management reporting system.

In scope of Retail and Private Banking, the Bank offers a variety of retail services such as deposit accounts, consumer loans, commercial installment loans, credit cards, insurance products and asset management services. The retail banking products and services also include bank cards, investment funds trading, automatic payment services, foreign currency trading, safe deposit box rentals, cheques, money transfers, investment banking, telephone and internet banking. Also Private Banking serves the members of the upper-income groups who have expectations for upper-class service quality both in banking and investment transactions

Corporate Banking and Commercial Banking and SME Banking provide financial solutions and banking services to large, medium and small size corporate and commercial customers. The products and services offered to corporate and commercial customers include TL and foreign currency denominated working capital loans financing for investments, foreign trade financing, derivative instruments for hedging purposes of foreign currency and interest risk, letters of credit, foreign currency trading, corporate finance services and deposit and cash management services. In addition, the Bank provides timely and permanent solutions for corporate customers' working capital management, delivers cash management services tailored based on customers' requests that include collection and payment services and liquidity and information management. Project finance loans are provided within the context of investment banking activities.

The Treasury Unit conducts TL and FC spot and forward transactions, treasury bonds, government bonds, Eurobond and private sector bond transactions and also derivative trading activities within determined limits. These transactions are performed according to the Bank's requirements. Furthermore, Treasury Unit also carries out marketing and pricing activities of treasury products for customers and branch network. The Treasury Unit also serves in fundamental areas such as providing long-term funding opportunities, creating funding facility at lower prices that fully reflect country risk, diversifying funding resources and creating a base of international investors for that purpose.

**AKBANK T.A.Ş.**

**NOTES TO UNCONSOLIDATED FINANCIAL STATEMENTS AT 30 JUNE 2016**

(Amounts expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

**SECTION FIVE  
INFORMATION AND DISCLOSURES RELATED TO UNCONSOLIDATED FINANCIAL STATEMENTS**

**I. EXPLANATIONS AND NOTES RELATED TO ASSETS**

**a. Information related to cash equivalents and the account of the Central Bank of the Republic of Turkey (the "CBRT"):**

1. Information on cash equivalents and the account of the CBRT:

	Current Period 30 June 2016		Prior Period 31 December 2015	
	TL	FC	TL	FC
Cash/Foreign Currency	1.071.645	511.044	935.450	448.444
The CBRT	3.965.918	29.470.796	1.230.328	22.776.999
Other[*]	249	64.389	2	82.200
<b>Total</b>	<b>5.037.812</b>	<b>30.046.229</b>	<b>2.165.780</b>	<b>23.307.643</b>

(\*) As of 30 June 2016, precious metal account amounts to TL 39.274 (31 December 2015: TL 56.414).

2. Information related to the account of the CBRT:

	Current Period 30 June 2016		Prior Period 31 December 2015	
	TL	FC	TL	FC
Demand Unrestricted Account	1.598	-	1.830	-
Time Unrestricted Account	-	1.619.730	-	853.816
Time Restricted Account	-	-	-	-
Reserve Requirement	3.964.320	27.851.066	1.228.498	21.923.183
<b>Total</b>	<b>3.965.918</b>	<b>29.470.796</b>	<b>1.230.328</b>	<b>22.776.999</b>

3. Explanation on reserve requirements:

In accordance with the "Communiqué Regarding the Reserve Requirements no. 2013/15, the Bank is required to maintain reserves in CBRT for TL and foreign currency liabilities. The reserve requirements can be maintained as TL, USD, EUR and standard gold. CBRT started paying interest on reserve balances held in USD starting from May 2015 and held in TL starting from November 2014.

The reserve rates for TL liabilities vary between 5% and 11,5% for TL deposits and other liabilities according to their maturities as of 30 June 2016 (31 December 2015: 5% and 11,5% for all TL liabilities). The reserve rates for foreign currency liabilities vary between 5% and 25% for deposit and other foreign currency liabilities according to their maturities as of 30 June 2016 (31 December 2015: 5% and 25 % for all foreign currency liabilities).

**b. Information on financial assets at fair value through profit or loss:**

1. As of 30 June 2016, there are no financial assets at fair value through profit or loss subject to repo transactions (31 December 2015: TL (-)) or given as collateral/blocked (31 December 2015 TL (-)).

<b>Total</b>	<b>180.886</b>	<b>-</b>	<b>648.858</b>	<b>-</b>

k. **Information on the investment properties:** None.

l. **Information on deferred tax asset:**

As of 30 June 2016, the Bank has no deferred tax asset (31 December 2015: TL 146.184). Temporary differences subject to deferred tax calculation result from mainly the differences between the book values and tax values of fixed assets, financial assets and liabilities and provision for employee rights.

Deferred tax assets and liabilities which are accounted for the temporary differences arising between applicable accounting policies and valuation principles and tax legislation are netted-off and accounted. There are no carry forward tax losses that can be used as deductions for the tax calculation. An explanation about the net deferred tax liability is given in Note II-i-2 of Section Five.

m. **Information on property and equipment held for sale and related to discontinued operations:**

	Current Period 30 June 2016		Prior Period 31 December 2015	
	TL	FC	TL	FC
Short-term	182.039	1.951.315	176.604	2.697.280
Medium and Long-term	261	24.113.939	16.526	20.822.928
<b>Total</b>	<b>182.300</b>	<b>26.065.254</b>	<b>193.130</b>	<b>23.520.208</b>

3. The liabilities providing the funding sources of the Bank are deposits, borrowings, marketable securities issued and money market borrowings. Deposits are the most important funding source of the Bank and the diversification of these deposits by number and type of depositors with a stable structure does not create any risk concentration. The borrowings are composed of funds such as syndicated and securitized borrowings and post-financing obtained from different financial institutions with different maturity-interest structures and characteristics. There is no risk concentration in any of the funding sources of the Bank.

d. **Information on securities issued (Net):**

	Current Period 30 June 2016		Prior Period 31 December 2015	
	TL	FC	TL	FC

e. **Information on other foreign liabilities:**

Other foreign liabilities amount to TL 2.301.269 (31 December 2015: TL 1.468.876) and do not exceed 10% of the total balance sheet.

f. **Information on financial leasing agreements:**

The contingent rent installments of financial lease contracts are determined by the price of commodity, market interest rates and the maturity of funding. The financial leasing contracts do not have any conditions which cause significant commitments for the Bank.

Liabilities incurred due to financial leasing agreements:

	Current Period 30 June 2016		Prior Period 31 December 2015	
	Gross	Net	Gross	Net
Less Than 1 Year	39.700	31.169	67.104	51.860

<b>Total</b>	<b>108.688</b>	<b>339.453</b>	<b>-</b>	<b>157.528</b>

**h. Information on provisions:**

1. Information on general provisions:

	Current Period 30 June 2016	Prior Period 31 December 2015
<b>General Provisions</b>	<b>2.667.259</b>	<b>2.544.702</b>
Provisions for Group I. Loans and Receivables	2.176.735	2.065.397
- Additional Provision for loans with extended payment period	92.778	70.085
Provisions for Group II. Loans and Receivables	271.691	305.259
- Additional Provision for loans with extended payment period	62.946	62.876
Provisions for Non-cash Loans	123.487	108.853
Other	95.346	65.193

2. Employment termination benefits and unused vacation rights:

Under the Turkish Labor Law, the Bank is required to pay termination benefits to each employee who has completed at least one year of service and whose employment is terminated without due cause, is called up for military service, dies or who retires.

The amount payable consists of one month's salary limited to a maximum of TL 4.092,53 (in full TL amount) (31 December 2015: TL 3.828,37 (in full TL amount)) for each year of service. This liability is legally not funded and there is no funding requirement.

The reserve has been calculated by estimating the present value of the future probable obligation of the Bank arising from the retirement of its employees. TAS 19 requires actuarial valuation methods to be developed to estimate the enterprise's obligation for such benefits. Accordingly, the following actuarial assumptions were used in the calculation of the total liability:

	Current Period 30 June 2016	Prior Period 31 December 2015
Discount Rate (%)	4,17	4,17
Rate for the Probability of Retirement (%)	93,88	93,88

The principal actuarial assumption is that the current maximum liability will increase in line with inflation. Thus, the discount rate applied represents the expected real rate after adjusting for the effects of future inflation. The amount of TL 4.297.21 (1 January 2016: TL 4.092.53) effective from 1 July 2016 has been taken into consideration in calculating the reserve for employee termination benefits.

**AKBANK T.A.Ş.**

**NOTES TO UNCONSOLIDATED FINANCIAL STATEMENTS AT 30 JUNE 2016**

(Amounts expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

Movements in the reserve for employment termination benefits during the period are as follows:

	<b>Current Period</b>	<b>Prior Period</b>
	<b>30 June 2016</b>	<b>31 December 2015</b>
<b>Prior Period Closing Balance</b>	<b>122.202</b>	<b>66.018</b>

Paid During the Period	(18.273)	(68.508)
<b>Balance at the End of the Period</b>	<b>122.202</b>	<b>122.202</b>

As of 30 June 2016, the Bank has allocated vacation liability amounting to TL 69.949 (31 December 2015: TL 64.976).

3. Information on provisions related with foreign currency difference of foreign indexed loans:

As of 30 June 2016, the provision related to foreign currency differences of foreign indexed loans amounts to TL 60.280 (31 December 2015: TL 23.811), which is offset with the balance of foreign currency indexed loans in these financial statements.

4. Information on specific provisions for non-cash loans that are non-funded and non-transformed into cash:

Provision for non-cash loans that are non-funded and non-transformed into cash as of 30 June 2016 is amounting to TL 90.102 (31 December 2015: TL 83.868).

5. Information on other provisions:

5 (i). Information on general reserves for possible risks: TL 200.000 (31 December 2015: TL 200.000).

5 (ii). Information on provisions for banking services promotion:

The Bank has provisions for credit cards and banking services promotion activities amounting to TL 106.989 (31 December 2015: TL 139.240).

**i. Explanations on tax liability:**

1. Explanations on tax liability:

Tax calculations of the Bank are explained in Note XVIII of Section Three. As of 30 June 2016, the corporate tax liability after the deduction of temporary taxes paid is TL 344.561 (31 December 2015: TL 361.173)

1 (i). Information on taxes payable:

	<b>Current Period</b>	<b>Prior Period</b>
	<b>30 June 2016</b>	<b>31 December 2015</b>

Unemployment Insurance – Employer	2.146	1.845
Other	52	35
<b>Total</b>	<b>3.278</b>	<b>2.848</b>

2. Information on deferred tax liability:

As of 30 June 2016, deferred tax liability of the Bank is TL 39.083 (31 December 2015: (-) TL). An explanation about the net deferred tax asset is given in Note I-L of Section Five.

**j. Information on shareholders' equity:**

1. Presentation of paid-in capital:

	<b>Current Period</b>	<b>Prior Period</b>
	<b>30 June 2016</b>	<b>31 December 2015</b>
Common Stock	4.000.000	4.000.000
Preferred Stock	-	-

2. Amount of paid-in-capital, explanations as to whether the registered share capital system is applied, if so the amount of registered share capital ceiling:

<b>Capital System</b>	<b>Paid-in capital</b>	<b>Ceiling</b>
Registered Share Capital	4.000.000	8.000.000

3. Information on the share capital increases during the period and their sources: None.

4. Information on share capital increases from capital reserves during the current period: None.

5. Information on capital commitments, the purpose and the sources until the end of the fiscal year and the subsequent interim period: None.

6. The effects of anticipations based on the financial figures for prior periods regarding the Bank's income, profitability and liquidity, and possible effects of these future assumptions on the Group's equity due to uncertainties at these indicators;

The Bank has been continuing its operations with high profitability and has been retaining most of its net profit in the equity, either by increasing its capital or transferring it into reserves. On the other hand, only a small part of the equity is allocated to investment such as associates and fixed assets, thus giving a chance for considerably high free capital which provides funds for liquid and interest bearing assets. Considering all these factors, the Bank continues to its operations with strong shareholders' equity.

7. Information on privileges given to shares representing the capital: None.

<b>Total</b>	<b>3.834</b>	<b>19.474</b>	<b>19.816</b>	<b>5.977</b>

3. Information on interest income on marketable securities:

	Current Period 30 June 2016		Prior Period 30 June 2015	
	TL	FC	TL	FC
From Trading Financial Assets	24	1	115	62
From Financial Assets at Fair Value through Profit or Loss	-	-	-	-
From Available-for-sale Financial Assets	979.976	470.668	718.048	407.634
From Held-to-Maturity Investments	225.322	174.740	200.118	130.118
<b>Total</b>	<b>1.205.322</b>	<b>645.409</b>	<b>918.281</b>	<b>537.814</b>

As stated in Section Three disclosure VII, the Bank has inflation indexed (CPI) government bonds in its available-for sale and held-to-maturity portfolios with semi-annual fixed real coupon rates and a maturity of 5 to 10 years.

As disclosed in 'Inflation Indexed Bonds Manual' published by Turkish Treasury, reference index used for the real payments is determined based on the inflation rates of two months before. The Bank determines the estimated inflation rates in line with this information. The estimated inflation rate used is updated during the year when necessary. In this context, as of 30 June 2016, valuation of such assets is made according to estimated annual inflation rate of 8%. If valuation of these securities indexed to the CPI had been done by the reference index valid through 30 June 2016, the Bank's Marketable securities valuation differences would be increased by TL 37 million (in full TL amount) and net profit would be decreased by TL 51 million (in full TL amount) to TL 2.288 million (in full TL amount).

**SECTION SEVEN (\*)  
INFORMATION ON INTERIM ACTIVITY REPORT**

**THE MESSAGE FROM THE CHAIRMAN OF THE BOARD**

In the second quarter of 2016, while oil prices and US dollar continue to be the determinants of risk appetite; concerns about global growth, Fed's more cautious approach about rate hikes, Brexit decision in Britain and concerns about European Banking sector caused global markets to remain volatile.

After Britain decided to leave the European Union in the referendum on 23th of June, central banks of the advanced economies successfully coordinated to set a bar against the excessive volatility in markets. Bank of England is expected to give additional stimulus in August. Looking forward, questions about how the Brexit process will be administered are creating uncertainties on both political and economic fronts. As a matter of fact; owing to the Brexit decision, IMF has already revised its global growth projections down. The impact of Brexit decision on the British economy will likely be more evident in 2017.

In the light of the recent developments, European Central Bank also stated that, if needed, it can provide further stimulus. ECB is planning to keep low levels of interest rates for an extended period and to continue with its asset purchases at least until March 2017. Fed; on the other hand, keeps its current policy stance. Longer term policy rate projections; however, also were revised downward.

Similarly; Bank of Japan continues with its expansionary monetary policy. The bank, which started to implement negative interest rates policy, is expected to give additional monetary stimulus in order to attain its inflation objective. All in all; global interest rates remain low, along with low economic growth, subdued inflation expectations as well as the uncertainties brought about by Brexit decision. 10 year government borrowing rates in Japan and Germany slid down into negative levels.

Domestically; economic growth remained robust in the first quarter due to strong consumption trend, whereas investment continued to be weak. In the second quarter, geopolitical developments and domestic dynamics would likely cause some deceleration in growth.

Regarding the external trade dynamics, recovery in the European Union is supporting exports, while the decline in energy expenditures in line to low energy prices continues. As a consequence; trade and current account deficits are still decreasing. The activity in tourism sector, however, is trending relatively weak due to geopolitical developments and terrorist incidents. Although the agreement with Russia is positive news for the sector, latest developments may continue to drag tourist activity in the coming months. Looking forward, after the Brexit decision, the expectations of growth deceleration in Britain and other European economies may also weigh on our exports.

CBRT cut its lending rate by 200bps to 8.75% since March, in the context of simplification process. The bank expects declining trend in core inflation to continue although there might be some increase in headline inflation. This outlook has been effective in CBRT's rate cut series. Moreover, CBRT stated that, if needed, it would continue to take additional liquidity measures, in the context of its financial stability objective. Public finances also performed well in the first half of the year and realizations are in line with the Medium Term Program targets.

In the banking sector, annual loan growth stands at 12%. Non performing loans ratio in the sector is low at 3.4% in May; even though a slight increase is observed this year. In the banking sector in general, capital adequacy ratio is robust at 15%.

To sum up, global nominal interest rates have come down to historical low levels, due to low growth and deflation dynamics, domestically volatility increased somewhat with the recent developments. The prompt actions of economic administrations regarding structural reform agenda will stabilize foreign investors' risk perceptions.

**MESSAGE FROM THE CEO**

**Please find our CEO's statement after the 1H16 financials announcement below:**

Akbank CEO Hakan Binbaşgil started his statement on the bank's results of the first half of 2016 by noting their concern on the grievous incidents that took place last week: "We wish a speedy recovery to our country and nation. We hope that events that threaten our unity will never repeat themselves. We believe that our country will become even stronger when this process is resolved."

Evaluating Akbank's performance in the first 6 months of 2016, Binbaşgil stated, "What's important these days is that we continue our incremental support to our country. With our strong balance sheet, we continue to provide long-term foreign currency to our country and support the economy and investments without any interruptions. Despite the fluctuations in the markets this past week and the hasty decision of S&P, with the USD 250 million financing we secured with the delegation agreement signed with the IFC, we raise the long term borrowings in the last month to USD 1.6 billion. These borrowings, with up to 12 years maturity terms, once again confirmed the strength of Turkey's economic indicators and its banking sector, as well as the faith of investors in Akbank's performance. We are able to secure long-term borrowings despite the busy agenda. This shows that the normalization in the markets after the attempt on the July 15th continues, and the international confidence in Turkey's investment climate has begun to restore to the levels before the attempt."

Stating that the volatility in the international markets continued in the first half of 2016, Binbaşgil noted, "Despite the uncertainties in the global markets, our bank has performed extremely well. We increased our assets by 5.3 percent to TL 247 billion. We increased our support to our economy via total loans of over TL 183 billion, with TL 148 billion cash loans." Binbaşgil also stated that in the first half of 2016, Akbank reported a net profit of TL 2,339 million.

Drawing attention to the fact that the esteemed financial publication Euromoney named Akbank the Best Bank of Central and Eastern Europe at the end of June, Binbaşgil remarked: "This Year's Best Bank of Central and Eastern Europe came out of Turkey. This was the first time a Turkish bank had been bestowed this honour. This award is a testament to not just Akbank's power, but the entire Turkish banking sector."

Stating that the Turkish economy is built on strong foundations, Mr Binbaşgil said: "Turkey's macroeconomic indicators are currently very strong. The banking sector is solid with high potential for growth. Turkey's demographics, youth, entrepreneurial spirit, and dynamism will carry the country forward. Turkey has the power to achieve great things when it comes together. We are certain that, as a nation, we will focus on our long-term goals. At Akbank, we will continue focusing on our business; providing support to our customers and the economy without compromising our central principles such as sustainability and asset quality; and investing in our technology, infrastructure, and human resources."

**AKBANK T.A.Ş.**

**NOTES TO UNCONSOLIDATED FINANCIAL STATEMENTS AT 30 JUNE 2016**

(Amounts expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

**A. INTRODUCTION**

**1. Changes in the Articles of Association during the period:**

There is no change in the Articles of Association during the period.

**2. Important Issues and Transactions during the period:**

On 18 March 2016, Akbank has signed a 367-day, dual tranche syndicated loan agreement of USD 370.4 million and EURO 783,5 million (equivalent to USD 1.2 billion). The loan will be used for trade finance purposes. The all-in cost for each tranche is LIBOR + 0.85% and EURIBOR + 0.75% respectively.

Bank has sold a non-performing loan portfolio of TL 450.1 million for TL 49.1 million to Güven Varlık Yönetim A.Ş on June 30, 2016.

Income amounting to TL 181.774 originating from the acquisition of Visa Europe Ltd, of which the Bank is a Shareholder, by Visa Inc., has been reflected to financial statements.

Bank has secured the equivalent of USD 1.4 billion through its Diversified Payment Rights securitization programme in 10 separate tranches with maturities ranging from 5 to 12 years.

Bank has issued TL 2.1 billion nominal worth of bills in total to qualified investors with separate maturities and nominal values during the period.

There is no change in information which has been disclosed in accordance with "Regulation on the Principles And Procedures Concerning The Preparation Of And Publishing Annual Report By Banks" excluding disclosures related with financial statements.
